PROFESSIONAL SUMMARY

Results-driven Computer Science graduate from J.J. College of Arts and Science, Bharathidasan University (Class of 2026) with hands-on industry experience in full stack web development. Proficient in HTML5, CSS3, JavaScript, Bootstrap, PHP, MySQL, and PostgreSQL with foundational knowledge in React.js. Developed and deployed 2 live production web applications serving real users. Completed a 1-month web development internship building eCommerce platforms, an intensive 30-day full stack masterclass, and 7 industry-recognized certifications in JavaScript, Python Libraries, Excel, and Power Query. Strong academic foundation in Operating Systems, Software Engineering, RDBMS, IoT, Computer Networks, and Microprocessor Applications. Passionate about building clean, scalable, and responsive web applications.

EDUCATION

B.Sc. Computer Science

2023 - 2026

J.J. College of Arts and Science, Bharathidasan University

- Core Subjects: Operating Systems, Software Engineering, Relational Database Management System (RDBMS), Internet of Things (IoT), Microprocessor and its Applications, Computer Networks.
- Value-Added Courses Completed: JavaScript Programming, Python Libraries.
- Applied academic knowledge to 2 live deployed projects and an industry internship.

TECHNICAL SKILLS

Languages	HTML5, CSS3, JavaScript (ES6+), PHP, Python, SQL
Frameworks	Bootstrap 5, React.js (Basic), Responsive Web Design
Databases	MySQL, PostgreSQL, phpMyAdmin
Data Tools	Microsoft Excel, Power Query, Python Libraries
Design	Figma, UI/UX Design, Wireframing, Prototyping
Dev Tools	Git, GitHub, VS Code, Web Deployment, REST APIs
Domains	Full Stack Web Development, eCommerce Development, Database Design
Soft Skills	Problem Solving, Team Collaboration, Continuous Learning, Attention to Detail

WORK EXPERIENCE

Web Development Intern | Hapitrend Media

May 2025

- Built and deployed 3+ real-world eCommerce web projects using HTML5, CSS3, Bootstrap 5, JavaScript, PHP, and MySQL - including product listing pages, dynamic shopping cart, and session-based user authentication.
- Developed a full-featured admin panel with CRUD operations for product, order, and user management, reducing manual data handling time by 40%.
- Delivered 100% responsive, cross-browser-compatible interfaces for live client projects across mobile, tablet, and desktop devices.
- Designed and implemented relational MySQL database schemas supporting 500+ product entries and order records.

Full Stack Development MasterClass | NoviTech R&D; Pvt. Ltd.

Mar - Apr 2024

- Completed an intensive 30-day full stack development program covering HTML5, CSS3, JavaScript, Bootstrap, PHP back-end, and MySQL; built 5+ full stack projects from scratch with end-to-end functionality.
- Achieved certificate of completion with demonstrated proficiency across the complete web development stack, including server-side rendering and database-driven application architecture.

PROJECTS

GamesZone - Full Stack eCommerce Platform (Solo Project)

2025 - Present

Tech Stack: PHP, JavaScript, CSS3, MySQL, Bootstrap 5, HTML5 | Live: [games---zone.my-style.in](#)

- Architected and developed a complete eCommerce platform from scratch featuring 50+ dynamic product listings with category filters, real-time shopping cart, and session-based user authentication system.
- Built a full admin dashboard with CRUD operations for products, orders, and users; MySQL relational schema handles 500+ product and transaction records efficiently.
- Achieved 100% responsive UI using custom CSS3 animations and Bootstrap 5 grid; deployed live with cross-device compatibility across 3 screen sizes.

SriMusic - Tamil Cinema Music Streaming Web Application

2026 [LIVE]

Tech Stack: PHP, JavaScript, MySQL, HTML5, CSS3 | Live: [sri-music.is-great.net/](#)

- Developed a full-featured music streaming web application supporting 100+ Tamil cinema songs with browsing by artist, movie, and genre; integrated custom HTML5 audio player with inline playback controls.

- Implemented MySQL-backed song management system storing full metadata; admin panel supports uploading tracks, editing details, and tracking play counts.
- Delivered live search and real-time filter functionality with fully responsive layout; deployed on live hosting with GitHub version control and continuous updates.

CERTIFICATIONS

CERTIFICATE	ISSUED BY	DATE
Certificate of Internship - Web Development	Hapitrend Media	May 2025
Certificate of Completion - Full Stack Development MasterClass	NoviTech R&D; Pvt. Ltd.	Mar - Apr 2024
National Conference Certificate	Bharathidasan University	2025
JavaScript Programming - Value Added Course	J.J. College of Arts and Science	2024 - 25
Python Libraries - Value Added Course	J.J. College of Arts and Science	2024 - 25
Microsoft Excel - Certificate	Online Certification	2024 - 25
Power Query in 40 Minutes - Certificate	Online Certification	2024 - 25
