PROFESSIONAL SUMMARY

Results-driven Computer Science graduate from J.J. College of Arts and Science, Bharathidasan University (Class of 2026) with hands-on industry experience in full stack web development. Proficient in HTML5, CSS3, JavaScript, Bootstrap, PHP, MySQL, and PostgreSQL with foundational knowledge in React.js. Built and deployed the Gameszone eCommerce platform during internship and developed SriMusic, a live music streaming web application. Completed a 30-day full stack masterclass and earned 7 industry-recognized certifications. Strong academic foundation in Operating Systems, Software Engineering, RDBMS, IoT, Computer Networks, and Microprocessor Applications. Passionate about building clean, scalable, and responsive web applications.

EDUCATION

B.Sc. Computer Science

2023 - 2026

J.J. College of Arts and Science, Bharathidasan University

- Core Subjects: Operating Systems, Software Engineering, Relational Database Management System (RDBMS), Internet of Things (IoT), Microprocessor and its Applications, Computer Networks.
- Value-Added Courses Completed: JavaScript Programming, Python Libraries.
- Applied academic knowledge to live deployed projects and an industry internship.

TECHNICAL SKILLS

Languages	HTML5, CSS3, JavaScript (ES6+), PHP, Python, SQL
Frameworks	Bootstrap 5, React.js (Basic), Responsive Web Design
Databases	MySQL, PostgreSQL, phpMyAdmin
Data Tools	Microsoft Excel, Power Query, Python Libraries
Design	Figma, UI/UX Design, Wireframing, Prototyping
Dev Tools	Git, GitHub, VS Code, Web Deployment, REST APIs
Domains	Full Stack Web Development, eCommerce Development, Database Design
Soft Skills	Problem Solving, Team Collaboration, Continuous Learning, Attention to Detail

WORK EXPERIENCE

Web Development Intern | Hapitrend Media

May 2025

- Designed and developed Gameszone - a complete full stack eCommerce platform - as the primary internship project using HTML5, CSS3, Bootstrap 5, JavaScript, PHP, and MySQL; delivered it as a live deployed product.
- Built dynamic product listings with category filters, real-time shopping cart, session-based user authentication, and a full admin dashboard with CRUD operations for products, orders, and users.
- Implemented relational MySQL database schema supporting 500+ product entries; admin panel reduced manual data handling time by 40% with streamlined inventory and order management.
- Delivered 100% responsive, cross-browser-compatible interface across mobile, tablet, and desktop devices with a gaming-inspired UI using custom CSS3 animations and Bootstrap 5 grid.

Full Stack Development MasterClass | NoviTech R&D; Pvt. Ltd.

Mar - Apr 2024

- Completed an intensive 30-day full stack program covering HTML5, CSS3, JavaScript, Bootstrap, PHP back-end, and MySQL; built 5+ full stack projects with end-to-end functionality from scratch.
- Earned certificate of completion demonstrating proficiency across the complete web development stack including server-side rendering and database-driven application architecture.

PROJECTS

Gameszone - Full Stack eCommerce Platform

2025 - Present

Tech Stack: PHP, JavaScript, CSS3, MySQL, Bootstrap 5, HTML5 | Built during Hapitrend Media Internship | Live: [games---zone.my-style.in](#)

- Architected and delivered a complete eCommerce platform as the primary internship deliverable — featuring 50+ dynamic product listings, real-time cart, session-based login, and a full admin dashboard.
- MySQL-driven backend with relational schema handles 500+ product and transaction records; admin panel supports full inventory, order, and user management.
- Gaming-inspired responsive UI with custom CSS3 animations and Bootstrap 5; live and tested across 3 screen sizes.

SriMusic - Tamil Cinema Music Streaming Web Application

2026 [LIVE]

Tech Stack: PHP, JavaScript, MySQL, HTML5, CSS3 | Personal Project | Live: [sri-music.is-great.net/](#)

- Built a music streaming web app supporting 100+ Tamil cinema songs with browsing by artist, movie, and genre; custom HTML5 audio player with inline playback controls and playlist support.

- MySQL-backed song management with full metadata; admin panel handles track uploads, metadata editing, and play count tracking with a cinema-inspired responsive UI.
- Live search and real-time filter; fully deployed on live hosting with GitHub version control.

CERTIFICATIONS

Certificate of Internship - Web Development <i>Hapitrend Media</i>	May 2025
Certificate of Completion - Full Stack Development MasterClass <i>NoviTech R&D; Pvt. Ltd.</i>	Mar - Apr 2024
National Conference Certificate <i>Bharathidasan University</i>	2025
JavaScript Programming - Value Added Course <i>J.J. College of Arts and Science</i>	2024 - 2025
Python Libraries - Value Added Course <i>J.J. College of Arts and Science</i>	2024 - 2025
Power Query in 40 Minutes - Certificate <i>Online Certification</i>	2024 - 2025
